JAVIER SAN PEDRO

3RD GENERATION OF RIOJA'S WINEMAKERS
 Self made winemaker with more than 30 years of experience

'For me, the best part of winemaking is the vineyard. When making high-personality wines, vineyards are essential. I still remember when bottling my first wine; my father and my grandfather used to say: 'Javi, ¡con esos vinos te vas morir de hambre; tienen demasiada personalidad!' (Javi, you'll die of hunger with these wines. They have too much personality!)
